

SMART INDIA HACKATHON 2025

- **Problem Statement ID – SIH25094**
- **Problem Statement Title - One-Stop
Personalized Career & Education Advisor.**
- **Theme - Smart Education**
- **PS Category - Software**
- **Team ID - 53303**
- **Team Name- Eagle Eyezz**

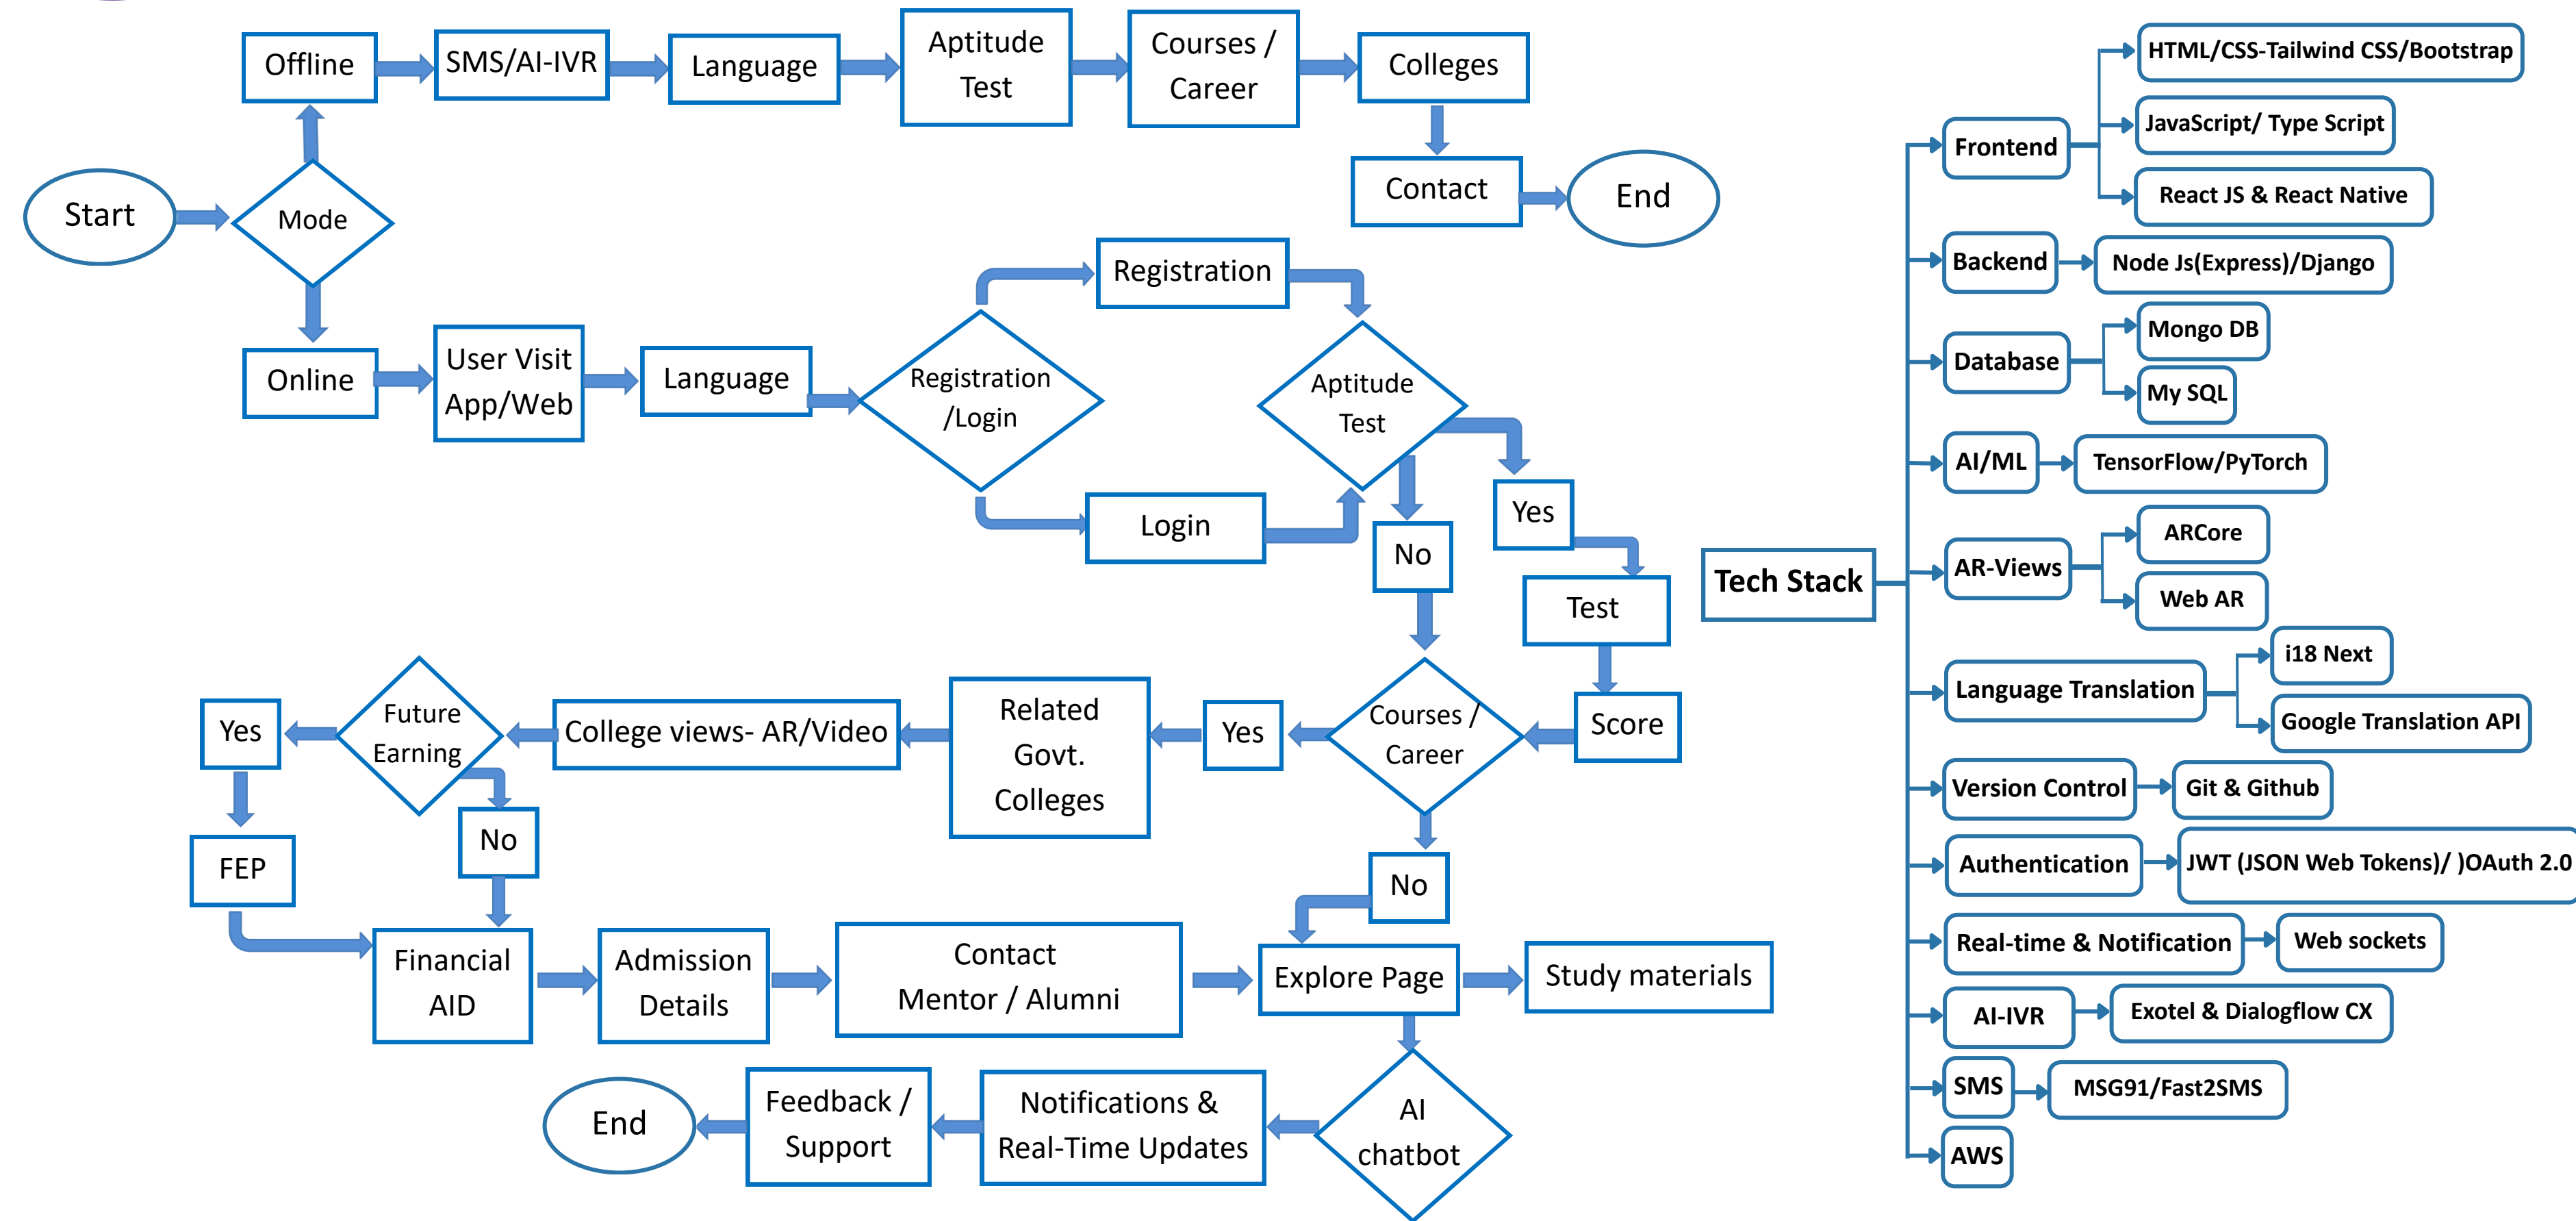

One-Stop Personalized Career & Education Advisor

The proposed solution involves creating a **multilingual, easy-to-use** digital platform both as a **mobile app** and **web portal** for personalized **career & education guidance**.

- **AI-driven aptitude & gamified** quizzes to assess interests and suggest best-fit streams.
- **Step-by-step course-to-career paths** for future planning.
- **Location-based govt. college** directory with courses, eligibility, cut-offs, facilities(hostel, labs, library), Jobs, Career.
- **AR-view of** labs & campus to showcase facilities.
- **Local caching** and **Auto-sync** ensures career guidance, **even in low-connectivity areas**.
- **Scholarship & Future Earning Potential** to compare costs and career growth.
- **Alumni connect, mentorship,** and **AI-chatbot** for instant help, and career advice.
- **AI-driven recommended learning paths** based on market demand & academic interests to help students build a secure future.
- **Offline support via SMS and AI-IVR** for areas with no internet.
- **Feedback collection** from user to improve platform continuously.
- **Interactive timeline** with **real-time notifications** and **newsletters** for key opportunities-helping students stay connected and on track.

Unique Value Propositions (UVP):

- **Comprehensive, Multilingual & user-friendly Platform.**
- **Mobile-First, Cross-Platform Accessibility with Offline Functionality.**
- **AI-Powered Career Simulator** to preview 5-10 year outcomes.
- **Parent Mode** with simplified regional language guidance.
- **Alumni & Mentor Connect** for counselling.
- **Real-Time Notifications** for admissions, scholarships & exams.
- **Caching and Auto-sync,** for low-connectivity areas.
- **SMS/AI-IVR(AI-powered Interactive Voice Response)** for no internet area.
- **Integration of AI Chatbot** for 24/7 Instant Q&A and Guidance.
- **Financial Aid & FEP (Future Earning Potential) Calculator** to help families decide based on affordability.

|---|---|
| <ul style="list-style-type: none"> • <u>Potential Challenges:</u> • Data Accuracy & Freshness: College/course details may become outdated quickly. • Network Connectivity Gaps: Rural students may face limited or no internet access. • Adoption Barriers: Parents and students may hesitate to trust digital career advice platforms. • Data Privacy & Security: Student profiles need strong protection, especially in offline/low-security devices. • Keeping offline data fresh: Frequent updates make offline access challenging, requiring real-time sync. • Gathering and updating: AR campus views, videos and alumni details for each college is difficult. • Data Storage Limitations: Devices, especially low-end smartphones may have limited storage capacity for offline content. | <ul style="list-style-type: none"> • <u>Overcoming Challenges:</u> • API Integration: Auto-sync with Govt. APIs (NSP, NCS, API Setu, AISHE) for updated data. • Offline & SMS/IVR Support: Allow core features without continuous internet. • Mentor Collaboration: Alumni & Mentor connect. • Strong Security Layer: End-to-end encryption, device-level authentication(biometric auth), and cloud backup. • Auto-sync: Data updates automatically via APIs when internet is restored, making offline access practical and reliable. • Admin Dashboard: A dedicated Admin Dashboard enables colleges to upload AR views, videos, alumni, and admission info directly. • Selective Download: Allow users to download only essential content. Use compression techniques to minimize file sizes. |
|---|---|

- **IMPACTS:**

- **Improved Reach:** Provides career and education guidance to students in **rural and remote** areas, ensuring wider access to information and opportunities.
- **Enhanced Inclusivity:** Supports underserved and marginalized communities by offering **equal access** to career counselling and government college information.
- **Increased Awareness:** Improves **understanding of subject streams**, degree benefits, career opportunities, and **available scholarships**.
- **Interactive Learning:** Engages students with tools like **aptitude quizzes, career maps**, and simulations to help them explore and plan effectively.
- **Emotional Support:** Boosts students' confidence and **reduces anxiety** by providing **trusted advice**, alumni experiences, and mentorship.
- **Practical Career Planning:** Provides **step-by-step pathways** linking education, skill development, jobs, exams and **higher studies** for informed decision-making.

- **BENEFITS:**

- **Informed Decisions:** Helps students choose the right courses and career paths with **personalized, easy-to-understand guidance**.
- **Reduced Dropouts:** Offers clear career paths to help **lower dropout rates** after Class 10 & 12.
- **Trust in Government Colleges:** Builds confidence by showing about courses, facilities, and career prospects in nearby Govt. institutions.
- **Skill Development & Employability:** Offers simulations, learning resources, and exam prep to help students gain skills and **become job-ready**.
- **Accessible Everywhere:** Works online, offline, ensuring even students in rural and low-internet connectivity areas can benefit.
- **Job Creation:** Opens new roles for counsellors, mentors and content creators while helping students.
- **Promotes Affordable Education:** Helps families **compare costs and ROI** to make more cost-effective education choices.
